Revolutionizing the Seed Industry

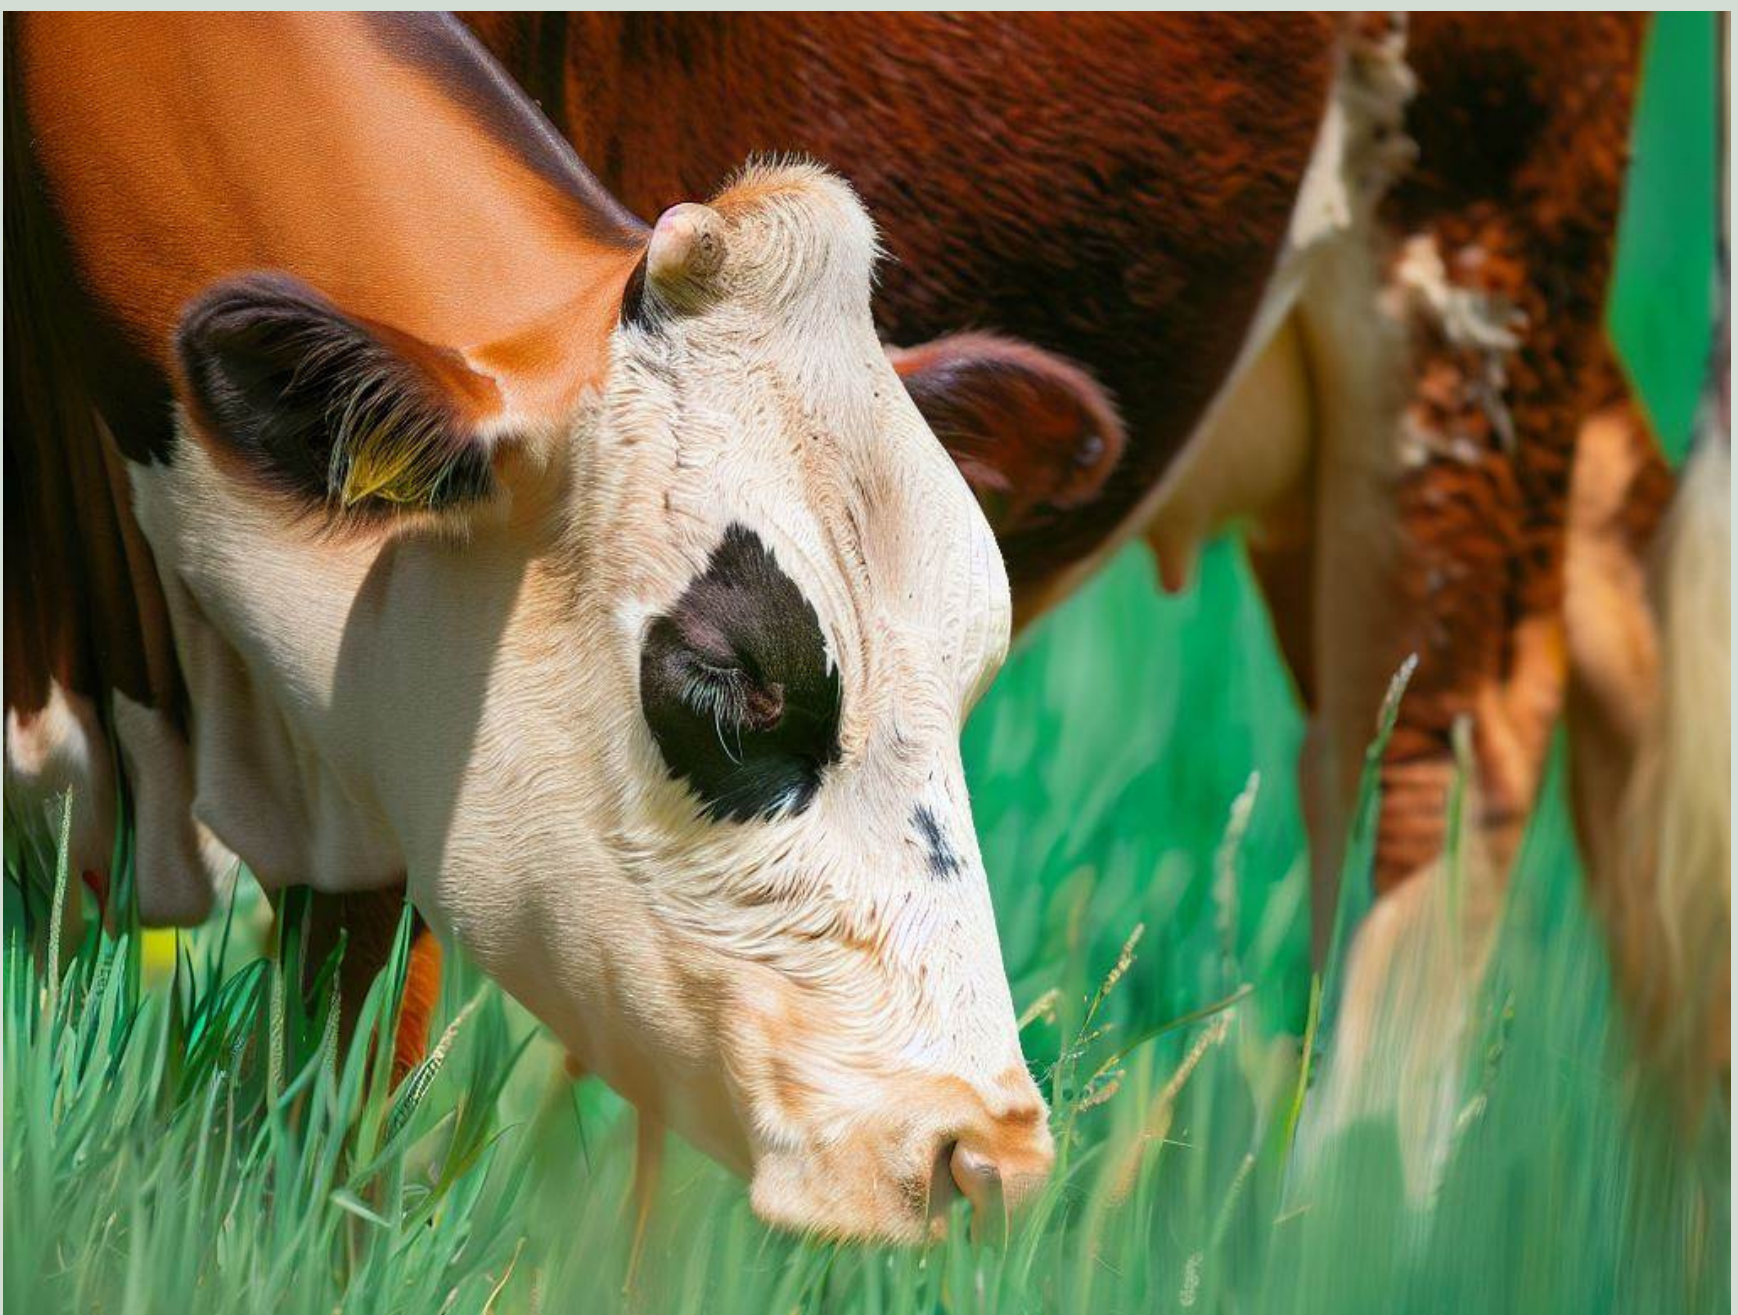

About Us

Mahdy Foundation has been leading the market with its exceptional sorting and grading of grains, agri-seeds, and legumes. With a factory boasting 100% grain purity, Al-Mahdy is a trusted name in the Egyptian agricultural market. Their founder, Dr. Reda Al-Mahdy, has put years of hard work into making their locally-produced seeds a household name.

Our Vision

Being the Middle East's premium Market Leader in
the agricultural seed business

Our Mission

To provide a one-of-a-kind experience of sorting
and supplying agricultural seeds to meet the needs
of our clients and to achieve our goals.

Our History

Amidst the chimes of success, the Mahdy Foundation has woven a tapestry of achievements and milestones. Like a traveler bearing rare seeds, the Foundation ventured forth, gracing the USA market with the gift of premium seeds. Their enchantment even reached the grand halls of the FDA, earning their seal of approval. And as the winds of fate carried them to far-flung lands, they unfurled their banner at international exhibitions and trade fairs, like the shimmering Sahara, the bountiful Food Africa, and the grand Gulfood.

Our Services

Our foundation is dedicated to providing high-quality products and services that meet our customers' needs and expectations. We provide reasonable prices that reflect our global standards and expertise. We also provide our clients with flexible payment options and fast and reliable transportation of their goods.
